Made with  **UltraSoft AC™**

UltraSoft AC™ is the next evolution of the UltraSoft® family of fabrics. UltraSoft AC™ is a line of flame resistant 88% pima cotton/12% high tenacity nylon fabrics that is guaranteed flame resistant for the life of the garment in either high temperature industrial or home washing procedures. With the finest long-staple pima cotton and advanced softening technology, UltraSoft AC™ will prove to be the most comfortable flame resistant fabric on the market. When your biggest obstacle is comfort, UltraSoft AC™ is the innovation to meet your employees' needs.
